To keep a consistent appearance and in fairness to every family, Hills of Rest Cemetery does not allow the taping, wiring, pasting of any flowers, stickers or memorabilia of any kind to the fronts of cremation niches or outdoor crypts; or to be attached to bronze vase rings.

The following are not permitted at grave sites or niches in the Cremation Garden or outdoor crypts.
(See exceptions during Memorial Day.)

Meet SPOT, our cemetery dog. Spot is a Border Collie and has the important task of keeping the geese out of the cemetery. If you would like to follow Spots adventures check us out on Facebook.

Hills of Rest Cemetery has been designed to have a peaceful and open, park-like setting.

Winter 8:00 AM to 5:00 PM - Daily
Mausoleum: 8:00 AM to 5:00 PM - Daily

www.facebook.com/hillsofrest
FRESH CUT FLOWERS
Fresh-cut flowers placed in an approved bronze marker vase, a niche vase in the Cremation Garden or an outdoor crypt vase are allowed anytime. When fresh-cut flowers have wilted, the cemetery grounds crew will discard them and turn the bronze marker vase down into its storage compartment.

If a marker does not have a vase, a temporary vase will be provided by Hills of Rest Cemetery office free of charge.

ARTIFICIAL FLOWERS
Artificial flowers are not allowed during the summer months from April 1st to October 1st.
Wires that are a part of artificial flowers can damage markers, mower equipment and injure cemetery personnel. Secondly, artificial flowers eventually fade, get dirty and weathered, looking worse and worse as time passes. All artificial flowers must be in an approved vase. Any artificial flowers or decorations that are not in the vase will be removed by the cemetery staff.

Hills of Rest Cemetery will only allow artificial flowers during the winter months from October 1st until April 1st. (See exceptions during Memorial Day.)

BALLOONS
Hills of Rest Cemetery does not allow balloons to be attached to a marker or to be a part of a floral bouquet. Most helium-filled balloons are made of Mylar. When the balloon deflates and the Mylar comes in contact with a bronze marker, a chemical reaction occurs. The result will be a permanent stain on the finish of the bronze marker.

MEMORIAL DAY
Beginning at noon on the Friday before the Memorial Day national holiday, the cemetery will allow the placement of all types of floral displays, including cut flowers, potted plants, artificial flowers, wreaths and flags. These displays can stay in place for one week until the weekend after Memorial Day. On Monday of the week following Memorial Day, the cemetery grounds crew will remove all decorations.
If you wish to keep your decoration, it is your responsibility to remove it within the allotted time.

CHRISTMAS WREATHS
Christmas wreaths both real and artificial are allowed during the Christmas season. All Christmas wreaths, flowers and any Christmas-looking displays must be removed by February 1st.

RECLAIMED DECORATIONS
Any decorations that have been removed by the cemetery staff are not immediately discarded. These items are placed in a bin near the maintenance building and can be reclaimed by the owner within a reasonable amount of time following their removal.

Hills of Rest Cemetery reserves the right for the Grounds Superintendent to remove any items left at a grave site, niche or crypt that in his determination are inappropriate and do not comply with the spirit of the rules.

SWANS
Hills of Rest Cemetery is home to two beautiful adult swans. The swans should be admired from a distance and not approached.
The swans have special dietary needs that are taken care of by cemetery staff. Please do not feed them as it may cause sickness and disease.

CREMATION GARDEN, CREMATION NICHES, & OUTDOOR CRYPTS
Hills of Rest Cemetery allows only one specific vase unit to be placed at a cremation niche in the Cremation Garden or an outdoor crypt. The vase unit consists of a bronze ring with a plastic vase insert. The initial purchase of the vase unit must be made through the cemetery office.
If the brown plastic insert leaks or is missing, the cemetery office will provide a replacement insert free of charge. No other containers or vases are allowed to be placed in the bronze ring.
